C. The boundaries of the unified school district shall be the boundaries of the former common school district or districts that unify. The boundaries of the common school district or districts that are not unifying remain unchanged. The county school superintendent, immediately upon receipt of the approved resolutions prescribed by subsection B of this section, shall file with the board of supervisors, the county assessor and the superintendent of public instruction a transcript of the boundaries of the unified school district. The boundaries shown in the transcript shall become the legal boundaries of the school districts on July 1 of the next fiscal year.

D. On formation of the unified school district, the governing board consists of the members of the former school district governing boards and the members shall hold office until January 1 following the first general election after formation of the district.

E. Beginning on January 1 following the first general election after formation of the unified school district, the governing board shall have five members. At the first general election after the formation of the district, members shall be elected in the following manner:

1. The three candidates receiving the highest, the second highest and the third highest number of votes shall be elected to four year terms.

2. The two candidates receiving the fourth and fifth highest number of votes shall be elected to two year terms. Thereafter all offices shall have four year terms.

F. The new unified school district may appoint a resident of the remaining common school district to serve as a nonvoting member of the governing board to represent the interests of the high school pupils who reside in the remaining common school district and who attend school in the unified school district.

1           G. For the first year of operation, the unified school district  
2 governing board shall prepare a consolidated budget based on the student  
3 counts from the school districts comprising the unified school district,  
4 except that for purposes of determining budget amounts and equalization  
5 assistance, the student count for the former high school district shall not  
6 include the prior year average daily membership attributable to high school  
7 pupils from a common school district that was part of the former high school  
8 district but is not part of the unified school district. The unified school  
9 district shall charge the remaining common school district tuition for these  
10 pupils as provided in subsection J of this section and shall not include such  
11 pupils for the purpose of making any adjustment for rapid decline in student  
12 count pursuant to section 15-942. The unified school district may budget for  
13 unification assistance pursuant to section 15-912.01.

14           H. The governing board of the unified school district shall prepare  
15 policies, curricula and budgets for the district. These policies shall  
16 require that:

17           1. The base compensation of each certificated teacher for the first  
18 year of operation of the new unified school district shall not be lower than  
19 the certificated teacher's base compensation for the prior year in the  
20 previously existing school districts.

21           2. The certificated teacher's years of employment in the previously  
22 existing school districts shall be included in determining the teacher's  
23 certificated years of employment in the new unified school district.

24           I. Upon formation of a unified school district any existing override  
25 authorization of the former high school district and the former common school  
26 district or districts shall continue until expiration based on the revenue  
27 control limit of the school district or districts that had override  
28 authorization prior to unification. The unified school district may request  
29 new override authorization for the budget year as provided in section 15-481  
30 based on the combined revenue control limit of the new district after  
31 unification. If the unified school district's request for override  
32 authorization is approved, it will replace any existing override for the  
33 budget year.

34           J. The unified school district shall admit high school pupils who  
35 reside in a common school district that was located within the boundaries of  
36 the former high school district. Tuition shall be paid to the unified school  
37 district by the common school district in which such pupils reside. Such  
38 tuition amount shall be calculated in accordance with section 15-824, subject  
39 to the following modifications:

40           1. If the former high school district had outstanding bonded  
41 indebtedness at the time of unification, the combined tuition for the group  
42 of high school pupils who reside in each common school district shall include  
43 a debt service amount for the former high school district's outstanding  
44 bonded indebtedness that is determined as follows:

1 (a) Divide the total secondary assessed valuation of the common school  
2 district in which the group of pupils reside by the total secondary assessed  
3 valuation of the former high school district. For the purposes of this  
4 subdivision, "secondary assessed valuation" means secondary assessed  
5 valuation for the tax year prior to the year when the unification occurs and  
6 includes the values used to determine voluntary contributions collected  
7 pursuant to title 9, chapter 4, article 3 and title 48, chapter 1, article 8.

8 (b) Multiply the quotient obtained in subdivision (a) ~~of this paragraph~~  
9 by the unified school district's annual debt service expenditure.

10 2. The debt service portion of such tuition payments calculated  
11 pursuant to paragraph 1 of this subsection shall be used exclusively for debt  
12 service of the outstanding bonded indebtedness of the former high school  
13 district. When such indebtedness is fully extinguished, the debt service  
14 portion of a pupil's tuition shall be determined in accordance with paragraph  
15 3 of this subsection.

16 3. If the former high school district had no outstanding bonded  
17 indebtedness at the time of unification, the tuition calculation shall  
18 include the actual school district expenditures for the portion of any debt  
19 service of the unified school district that pertains to any construction or  
20 renovation of high school facilities divided by the school district's student  
21 count for the high school portion of the school district.

22 4. The unified school district shall not include in the tuition  
23 calculation any debt service that pertains to any construction or renovation  
24 of school facilities for preschool through grade eight.

25 5. Notwithstanding section 15-951, subsection H, the revenue control  
26 limit of the common school district shall include the full amount of the debt  
27 service portion of the tuition calculated pursuant to this subsection.

28 K. All assets and liabilities of the unifying school districts shall  
29 be transferred and assumed by the new unified school district. Any existing  
30 bonded indebtedness of a common school district or a high school district  
31 unifying pursuant to this section shall be assumed by the new unified school  
32 district and shall be regarded as an indebtedness of the new unified school  
33 district for the purpose of determining the debt incurring authority of the  
34 district. Taxes for the payment of such bonded indebtedness shall be levied  
35 on all taxable property in the new unified school district, but nothing in  
36 this subsection shall be construed to relieve from liability to taxation for  
37 the payment of all taxable property of the former high school district if  
38 necessary to prevent a default in the payment of any bonded indebtedness of  
39 the former high school district. The residents of a common school district  
40 that does not unify shall not vote in bond or override elections of the  
41 unified school district and shall not be assessed taxes as a result of a bond  
42 or override election of the unified school district.

43 L. If the remaining common school district had authorization for an  
44 override as provided in section 15-481 or 15-482, the override authorization

continues for the remaining common school district or districts in the same manner as before the formation of the unified school district.

M. The bonding authorization and bonding limitations continue for the remaining common school district or districts in the same manner as before the formation of the unified school district.

N. Nothing in this section shall be construed to relieve a school district formed pursuant to section 15-457 or 15-458 of its liability for any outstanding bonded indebtedness.

O. For school districts that become unified after July 1, 2004 and where all of the common schools were eligible for the small school district weight pursuant to section 15-943, paragraph 1, subdivision (a) when computing their base support level and base revenue control limit before unification, the unified school district may continue to use the small school district weight as follows:

1. Annually determine the common school student count and the weighted student count pursuant to section 15-943, paragraph 1, subdivision (a) for each common school district before unification.

2. Calculate the sum of the common school districts' student counts and weighted student counts determined in paragraph 1 of this subsection.

3. Divide the sum of the weighted student counts by the sum of the student counts determined in paragraph 2 of this subsection.

4. The amount determined in paragraph 3 of this subsection shall be the weight for the common schools in the unified school district.

P. A unified school district may calculate its revenue control limit and district support level by using ~~the provisions of~~ subsection O of this section as follows:

1. Determine the number of individual school districts that existed before unification into a single school district.

2. Multiply the amount determined in paragraph 1 of this subsection by six hundred.

3. Multiply the amount determined in paragraph 2 of this subsection by 0.80.

4. If the amount determined in paragraph 3 of this subsection exceeds the student count of the unified school district, the unified school district is eligible to use ~~the provisions of~~ subsection O of this section.

Q. ~~The provisions of~~ Subsections O and P of this section shall remain in effect until the aggregate student count of the common school districts before unification exceeds the aggregate number of students of the common school districts before unification authorized to utilize ~~the provisions of~~ section 15-943, paragraph 1, subdivision (a).

40 not exceed two hundred words. Arguments for the proposed increase in the  
41 budget shall be provided in writing and signed by the governing board. If  
42 submitted, additional arguments in favor of the proposed increase in the  
43 budget shall be provided in writing and signed by those in favor. Arguments

45 signed by those in opposition. The names of those persons other than the

1 governing board or superintendent submitting written arguments shall not be

21 (b) An owner-occupied residence whose assessed valuation is one-half  
22 of the assessed valuation of the residence in subdivision (a) of this  
23 paragraph.

24 (c) An owner-occupied residence whose assessed valuation is twice the  
25 assessed valuation of the residence in subdivision (a) of this paragraph.

26 (d) A business whose assessed valuation is the average of the assessed  
27 valuation of property classified as class one, as prescribed by section  
28 42-12001, paragraphs 12 and 13 for the current year in the school district.

29 12. If the election is conducted pursuant to subsection L or M of this  
30 section, the following information:

31 (a) An executive summary of the school district's most recent capital  
32 improvement plan submitted to the school facilities board.

33 (b) A complete list of each proposed capital improvement that will be  
34 funded with the budget increase and a description of the proposed cost of  
35 each improvement, including a separate aggregation of capital improvements  
36 for administrative purposes as defined by the school facilities board.

37 (c) The tax rate associated with each of the proposed capital

41 staff, equipment, materials, buildings or other resources only to distribute  
42 the informational report at the school district office or at public hearings  
43 and to produce such information as required in subsection B of this section,  
44 provided that nothing in this subsection shall preclude school districts from  
45 holding or participating in any public hearings at which testimony is given

1 by at least one person for the proposed increase and one person against the  
2 proposed increase.

3 D. The elections prescribed in subsection A of this section shall be  
4 held on a date prescribed by section 16-204 and shall be conducted as nearly  
5 as practicable in the manner prescribed in article 1 of this chapter,  
6 sections 15-422 through 15-424 and section 15-426, relating to special  
7 elections, except that:

8 1. The notices required pursuant to section 15-403 shall be posted not  
9 less than twenty-five days before the election.

10 2. Ballots shall be counted pursuant to title 16, chapter 4,  
11 article 10.

12 E. If the election is to exceed the revenue control limit and if the  
13 proposed increase will be fully funded by a levy of taxes upon the taxable  
14 property within the school district, the ballot shall contain the words  
15 "budget increase, yes" and "budget increase, no", and the voter shall signify  
16 his desired choice. The ballot shall also contain the amount of the proposed  
17 increase of the proposed budget over the alternate budget, a statement that  
18 the amount of the proposed increase will be based on a percentage of the  
19 school district's revenue control limit in future years, if applicable, as  
20 provided in subsection P of this section and the following statement:

21 Any budget increase authorized by this election shall be  
22 entirely funded by a levy of taxes upon the taxable property  
23 within this school district for the year for which adopted and  
24 for \_\_\_\_ subsequent years, shall not be realized from monies  
25 furnished by the state and shall not be subject to the  
26 limitation on taxes specified in article IX, section 18,  
27 Constitution of Arizona. Based on an estimate of assessed  
28 valuation used for secondary property tax purposes, the proposed  
29 increase in the school district's budget over that allowed by  
30 law would result in an estimated increase in the school  
31 district's tax rate of \_\_\_\_\_ dollar per one hundred  
32 dollars of assessed valuation used for secondary property tax  
33 purposes and is in addition to the school district's tax rate  
34 which will be levied to fund the school district's revenue  
35 control limit allowed by law.

36 F. If the election is to exceed the revenue control limit and if the  
37 proposed increase will be fully funded by revenues from other than a levy of  
38 taxes upon the taxable property within the school district, the ballot shall  
39 contain the words "budget increase, yes" and "budget increase, no", and the  
40 voter shall signify the voter's desired choice. The ballot shall also  
41 contain:

42 1. The amount of the proposed increase of the proposed budget over the  
43 alternate budget.

2. A statement that the amount of the proposed increase will be based on a percentage of the school district's revenue control limit in future years, if applicable, as provided in subsection P of this section.

3. The following statement:

Any budget increase authorized by this election shall be entirely funded by this school district with revenues from other than a levy of taxes on the taxable property within the school district for the year for which adopted and for \_\_\_\_\_ subsequent years and shall not be realized from monies furnished by the state.

G. Except as provided in subsection H of this section, the maximum budget increase which may be requested and authorized as provided in subsection E or F of this section or the combination of subsections E and F of this section is ten per cent of the revenue control limit as provided in section 15-947, subsection A for the budget year.

H. Special budget override provisions for school districts with a student count of less than one hundred fifty-four in kindergarten programs and grades one through eight or with a student count of less than one hundred seventy-six in grades nine through twelve are as follows:

1. The maximum budget increase that may be requested and authorized as provided in subsections E and F of this section is the greater of the amount prescribed in subsection G of this section or a limit computed as follows:

(a) For common or unified districts with a student count of less than one hundred fifty-four in kindergarten programs and grades one through eight, the limit computed as prescribed in item (i) or (ii) of this subdivision, whichever is appropriate:

(i)

	Small School	Support Level Weight	Phase Down
Student	Student	for Small Isolated	Reduction
<u>Count</u>	<u>Count Limit</u>	<u>School Districts</u>	<u>Factor</u>
-	125	$1.358 + (0.0005 \times (500 - \text{Student Count}))$	$\times \$ \text{Base Level} = \$$

	<u>Base</u>	<u>Reduction Factor</u>	<u>School District</u>
			<u>Elementary Limit</u>

1  $\$150,000 - \$\underline{\hspace{2cm}} = \$\underline{\hspace{2cm}}$

2 (b) For unified or union high school districts with a student count of  
 3 less than one hundred seventy-six in grades nine through twelve, the limit  
 4 computed as prescribed in item (i) or (ii) of this subdivision, whichever is  
 5 appropriate:

6 (i)

7		Small School	Support Level Weight		Phase Down
8	Student	Student	for Small Isolated		Reduction
9	<u>Count</u>	<u>Count Limit</u>	<u>School Districts</u>	<u>Base Level</u>	<u>Factor</u>

18		Small School	Support Level Weight		Phase Down
19	Student	Student	for Small		Reduction
20	<u>Count</u>	<u>Count Limit</u>	<u>School Districts</u>	<u>Base Level</u>	<u>Factor</u>
21	<u>          </u>	- <u>100</u>	x 1.398 + (0.0004 x	x <u>\$          </u>	= <u>\$          </u>

23				Small
24				School District
25		Phase Down	Phase Down	
26		<u>Base</u>	<u>Reduction Factor</u>	<u>Secondary Limit</u>
27		\$350,000 - <u>\$          </u>		= <u>\$          </u>

28 (c) If both subdivisions (a) and (b) of this paragraph apply to a  
 29 unified school district, its limit for the purposes of this paragraph is the  
 30 combination of its elementary limit and its secondary limit.

31 (d) If only subdivision (a) or (b) of this paragraph applies to a  
 32 unified school district, the district's limit for the purposes of this  
 33 paragraph is the sum of the limit computed as provided in subdivision (a) or  
 34 (b) of this paragraph plus ten per cent of the revenue control limit  
 35 attributable to those grade levels that do not meet the eligibility  
 36 requirements of this subsection. If a school district budgets monies outside  
 37 the revenue control limit pursuant to section 15-949, subsection E, the  
 38 district's limit for the purposes of this paragraph is only the ten per cent  
 39 of the revenue control limit attributable to those grade levels that are not  
 40 included under section 15-949, subsection E. For the purposes of this  
 41 subdivision, the revenue control limit is separated into elementary and  
 42 secondary components based on the weighted student count as provided in  
 43 section 15-971, subsection B, paragraph 2, subdivision (a).

44 2. If a school district utilizes the provisions of this subsection to  
 45 request an override of more than one year, the ballot shall include an  
 estimate of the amount of the proposed increase in the future years in place

1 of the statement that the amount of the proposed increase will be based on a  
2 percentage of the school district's revenue control limit in future years, as  
3 prescribed in subsections E and F of this section.

4 3. Notwithstanding subsection P of this section, the maximum period of  
5 an override authorized pursuant to this subsection is five years.

6 4. Subsection P, paragraphs 1 and 2 of this section do not apply to  
7 overrides authorized pursuant to this subsection.

8 I. If the election is to exceed the revenue control limit as provided  
9 in section 15-482 and if the proposed increase will be fully funded by a levy  
10 of taxes on the taxable property within the school district, the ballot shall  
11 contain the words "budget increase, yes" and "budget increase, no", and the  
12 voter shall signify the voter's desired choice. The ballot shall also  
13 contain the amount of the proposed increase of the budget over the alternate  
14 budget, a statement that the amount of the proposed increase will be based on  
15 a percentage of the school district's revenue control limit in future years,  
16 if applicable, as provided in subsection Q of this section, and the following  
17 statement:

18 Any budget increase authorized by this election shall be  
19 entirely funded by a levy of taxes on the taxable property  
20 within this school district for the year for which adopted and  
21 for \_\_\_\_\_ subsequent years, shall not be realized from monies  
22 furnished by the state and shall not be subject to the  
23 limitation on taxes specified in article IX, section 18,  
24 Constitution of Arizona. Based on an estimate of assessed  
25 valuation used for secondary property tax purposes, the portion  
26 of the proposed increase in the school district's budget over  
27 that allowed by law which will be funded by a levy of taxes upon  
28 the taxable property within this school district would result in  
29 an estimated increase in the school district's tax rate of  
30 \_\_\_\_\_ dollar per one hundred dollars of assessed valuation  
31 used for secondary property tax purposes and is in addition to  
32 the school district's tax rate that will be levied to fund the  
33 school district's revenue control limit allowed by law.

34 J. If the election is to exceed the revenue control limit as provided  
35 in section 15-482 and if the proposed increase will be fully funded by  
36 revenues other than a levy of taxes on the taxable property within the school  
37 district, the ballot shall contain the words "budget increase, yes" and  
38 "budget increase, no", and the voter shall signify the voter's desired  
39 choice. The ballot shall also contain the amount of the proposed increase of  
40 the proposed budget over the alternate budget, a statement that the amount of  
41 the proposed increase will be based on a percentage of the school district's  
42 revenue control limit in future years, if applicable, as provided in  
43 subsection Q of this section and the following statement:

1           Any budget increase authorized by this election shall be  
2           entirely funded by this school district with revenues from other  
3           than a levy of taxes on the taxable property within the school  
4           district for the year for which adopted and for \_\_\_\_\_ subsequent  
5           years and shall not be realized from monies furnished by the  
6           state.

7           K. The maximum budget increase that may be requested and authorized as  
8           provided in subsection I or J of this section, or a combination of both of  
9           these subsections, is five per cent of the revenue control limit as provided  
10          in section 15-947, subsection A for the budget year. For a unified school  
11          district, a common school district not within a high school district or a  
12          common school district within a high school district that offers instruction  
13          in high school subjects as provided in section 15-447, five per cent of the  
14          revenue control limit means five per cent of the revenue control limit  
15          attributable to the weighted student count in preschool programs for children  
16          with disabilities, kindergarten programs and grades one through eight as  
17          provided in section 15-971, subsection B.

18          L. If the election is to exceed the capital outlay revenue limit and  
19          if the proposed increase will be fully funded by a levy of taxes upon the  
20          taxable property within the school district, the ballot shall contain the  
21          words "budget increase, yes" and "budget increase, no", and the voter shall  
22          signify the voter's desired choice. An election held pursuant to this  
23          subsection shall be held on the first Tuesday after the first Monday of  
24          November. The ballot shall also contain the amount of the proposed increase  
25          of the proposed budget over the alternate budget and the following statement:

26               Any budget increase authorized by this election shall be  
27               entirely funded by a levy of taxes upon the taxable property  
28               within this school district for the year in which adopted and  
29               for \_\_\_\_\_ subsequent years, shall not be realized from monies  
30               furnished by the state and shall not be subject to the  
31               limitation on taxes specified in article IX, section 18,  
32               Constitution of Arizona. Based on an estimate of assessed  
33               valuation used for secondary property tax purposes, the proposed  
34               increase in the school district's budget over that allowed by  
35               law would result in an estimated increase in the school  
36               district's tax rate of \_\_\_\_\_ dollar per one hundred  
37               dollars of assessed valuation used for secondary property tax  
38               purposes and is in addition to the school district's tax rate  
39               which will be levied to fund the school district's capital  
40               outlay revenue limit allowed by law.

41          M. If the election is to exceed the capital outlay revenue limit and  
42          if the proposed increase will be fully funded by revenues from other than a  
43          levy of taxes upon the taxable property within the school district, the  
44          ballot shall contain the words "budget increase, yes" and "budget increase,  
45          no", and the voter shall signify the voter's desired choice. An election

held pursuant to this subsection shall be held on the first Tuesday after the first Monday of November. The ballot shall also contain the amount of the proposed increase of the proposed budget over the alternate budget and the following statement:

Any budget increase authorized by this election shall be entirely funded by this school district with revenues from other than a levy of taxes on the taxable property within the school district for the year in which adopted and for \_\_\_\_\_ subsequent years and shall not be realized from monies furnished by the state.

N. If the election is to exceed a combination of the revenue control limit as provided in subsection E or F of this section, the revenue control limit as provided in subsection I or J of this section or the capital outlay revenue limit as provided in subsection L or M of this section, the ballot shall be prepared so that the voters may vote on each proposed increase separately and shall contain statements required in the same manner as if each proposed increase were submitted separately.

O. If the election provides for a levy of taxes on the taxable property within the school district, at least thirty days prior to the election, the department of revenue shall provide the school district governing board and the county school superintendent with an estimate of the school district's assessed valuation used for secondary property tax purposes for the ensuing fiscal year. The governing board and the county school superintendent shall use this estimate to translate the amount of the proposed dollar increase in the budget of the school district over that allowed by law into a tax rate figure.

P. If the voters in a school district vote to adopt a budget in excess of the revenue control limit as provided in subsection E or F of this section, any additional increase shall be included in the aggregate budget limit for each of the years authorized. Any additional increase shall be excluded from the determination of equalization assistance. The school district governing board may, however, levy on the assessed valuation used for secondary property tax purposes of the property in the school district the additional increase if adopted under subsection E of this section for the period of one year, two years or five through seven years as authorized. If an additional increase is approved as provided in subsection F of this section, the school district governing board may only use revenues derived from the school district's prior year's maintenance and operation fund ending cash balance to fund the additional increase. If a budget increase was previously authorized and will be in effect for the budget year or budget year and subsequent years, as provided in subsection E or F of this section, the governing board may request a new budget increase as provided in the same subsection under which the prior budget increase was adopted which shall not exceed the maximum amount permitted under subsection G of this section. If the voters in the school district authorize the new budget increase amount,

1 the existing budget increase no longer is in effect. If the voters in the  
2 school district do not authorize the budget increase amount, the existing  
3 budget increase remains in effect for the time period for which it was  
4 authorized. The maximum additional increase authorized as provided in  
5 subsection E or F of this section and the additional increase which is  
6 included in the aggregate budget limit is based on a percentage of a school  
7 district's revenue control limit in future years, if the budget increase is  
8 authorized for more than one year. If the additional increase:

9 1. Is for two years, the proposed increase in the second year is equal  
10 to the initial proposed percentage increase.

11 2. Is for five years or more, the proposed increase is equal to the  
12 initial proposed percentage increase in the following years of the proposed  
13 increase, except that in the next to last year it is two-thirds of the  
14 initial proposed percentage increase and it is one-third of the initial  
15 proposed percentage increase in the last year of the proposed increase.

16 Q. If the voters in a school district vote to adopt a budget in excess  
17 of the revenue control limit as provided in subsection I or J of this  
18 section, any additional increase shall be included in the aggregate budget  
19 limit for each of the years authorized. Any additional increase shall be  
20 excluded from the determination of equalization assistance. The school  
21 district governing board, however, may levy on the assessed valuation used  
22 for secondary property tax purposes of the property in the school district  
23 the additional increase if adopted under subsection I of this section for the  
24 period of one year, two years or five through seven years as authorized. If  
25 an additional increase is approved as provided in subsection J of this  
26 section, the increase may only be budgeted and expended if sufficient monies  
27 are available in the maintenance and operation fund of the school district.  
28 If a budget increase was previously authorized and will be in effect for the  
29 budget year or budget year and subsequent years, as provided in subsection I  
30 or J of this section, the governing board may request a new budget increase  
31 as provided in the same subsection under which the prior budget increase was  
32 adopted that does not exceed the maximum amount permitted under subsection K  
33 of this section. If the voters in the school district authorize the new  
34 budget increase amount, the existing budget increase no longer is in effect.  
35 If the voters in the school district do not authorize the budget increase  
36 amount, the existing budget increase remains in effect for the time period  
37 for which it was authorized. The maximum additional increase authorized as  
38 provided in subsection I or J of this section and the additional increase  
39 that is included in the aggregate budget limit is based on a percentage of a  
40 school district's revenue control limit in future years, if the budget  
41 increase is authorized for more than one year. If the additional increase:

42 1. Is for two years, the proposed increase in the second year is equal  
43 to the initial proposed percentage increase.

44 2. Is for five years or more, the proposed increase is equal to the  
45 initial proposed percentage increase in the following years of the proposed

1 increase, except that in the next to last year it is two-thirds of the  
2 initial proposed percentage increase and it is one-third of the initial  
3 proposed percentage increase in the last year of the proposed increase.

4 R. If the voters in a school district vote to adopt a budget in excess  
5 of the capital outlay revenue limit as provided in subsection L of this  
6 section, any additional increase shall be included in the aggregate budget  
7 limit for each of the years authorized. The additional increase shall be  
8 excluded from the determination of equalization assistance. The school  
9 district governing board may, however, levy on the assessed valuation used  
10 for secondary property tax purposes of the property in the school district  
11 the additional increase for the period authorized but not to exceed ten  
12 years. For overrides approved by a vote of the qualified electors of the  
13 school district at an election held from and after October 31, 1998, the  
14 period of the additional increase prescribed in this subsection shall not  
15 exceed seven years for any capital override election.

16 S. If the voters in a school district vote to adopt a budget in excess  
17 of the capital outlay revenue limit as provided in subsection M of this  
18 section, any additional increase shall be included in the aggregate budget  
19 limit for each of the years authorized. The additional increase shall be  
20 excluded from the determination of equalization assistance. The school  
21 district governing board may only use revenues derived from the school  
22 district's prior year's maintenance and operation fund ending cash balance  
23 and capital outlay fund ending cash balance to fund the additional increase  
24 for the period authorized but not to exceed ten years. For overrides  
25 approved by a vote of the qualified electors of the school district at an  
26 election held from and after October 31, 1998, the period of the additional  
27 increase prescribed in this subsection shall not exceed seven years for any  
28 capital override election.

29 T. In addition to subsections P and S of this section, from the  
30 maintenance and operation fund and capital outlay fund ending cash balances,  
31 the school district governing board shall first use any available revenues to  
32 reduce its primary tax rate to zero and shall use any remaining revenues to  
33 fund the additional increase authorized as provided in subsections F and M of  
34 this section.

35 U. If the voters in a school district disapprove the proposed budget,  
36 the alternate budget which, except for any budget increase authorized by a  
37 prior election, does not include an increase in the budget in excess of the  
38 amount provided in section 15-905 shall be adopted by the governing board as
